

Yuma County HEOC/JIC COVID-19 DAILY UPDATE

3:00 PM, THURSDAY, APRIL 22, 2021

*****CURRENT SITUATIONAL REPORT*****

Yuma County Public Health District Update

Yuma County Health Officials confirm 23 new cases of COVID-19 and 0 new deaths, bringing the total cases to 37,017, and total deaths to 829. Health officials are conducting contact investigations.

A State run vaccination POD (Point of Distribution) began operation on Monday, March 29 at the Yuma Civic Center in cooperation with YRMC. The POD is providing 8,000 vaccinations per week at this time.

The POD carries the Pfizer vaccine which is cleared to be given to ages 16 and older. Appointments are available by visiting podvaccine.azdhs.gov or calling 1-844-542-8201. Both the online registration and phone line are available in English and Spanish.

The Yuma County Health District expects to receive additional COVID-19 vaccine this week as part of its continuing effort to work with area partners in administering vaccinations. When doses are received, they will be shared with area providers to accommodate vaccination clinics throughout the County. Please visit the [Arizona Department of Health Services – Vaccine Finder](#) for the most up-to-date information on where vaccine is currently available. The website is updated frequently.

NOTE: All new cases of COVID-19 will include any positive cases from Yuma County Correctional Facilities and “Testing Blitz” locations.

- Arizona currently has 856,451 confirmed cases of COVID-19, resulting in 17,221 deaths
- Yuma County currently has 37,017 confirmed cases of COVID-19, resulting in 829 deaths
- Currently 142,029 Yuma County residents have been tested
- Currently 9 Yuma County Residents are hospitalized AS OF 8 am 04/22/21; please note the hospitalization numbers offer an accurate “snapshot” at the time of our daily update, but numbers may fluctuate throughout the day

Data is provisional and subject to change:

ADHS County-Level School Benchmarks

This dashboard is used to determine the level of community spread of COVID-19 in Arizona and assist with decision-making for the types of delivery model schools may consider.

Time Frame

The transmission indicator on this dashboard uses data from the most current complete calendar week (Sunday through Saturday). The week displayed now is:

Apr 11 Apr 17

Overall Indicator

If the two indicator differs for the two metrics, the higher transmission level is chosen.

NOTE: Recently the UofA Center for Excellence in Desert Agriculture received funding approval from the Yuma County Board of Supervisors for a wastewater (sewer) surveillance program. This would be used as a potential mitigation tool as part of a layered multi-faceted approach to address COVID-19. The public can learn more about this at the [CDC's National Wastewater Surveillance System web page](#).

I HAVE RECEIVED MY COVID-19 TEST, NOW WHAT DO I DO?:

When you can be around others depends on different factors for different situations. By following these steps (follow the link) you can continue to help stop the spread:

Question of the Day: What should we expect in the coming months regarding vaccinations and herd immunity? (Source: Johns Hopkins Bloomberg School of Public Health)

- We now have multiple effective vaccines, and the race is on to get people vaccinated before they get infected (and have the chance to spread infection to others). It is difficult to predict the future because many factors are at play—including new variants with the potential for increased transmission, changes in our own behavior as the pandemic drags on, and seasonal effects that may help to reduce transmission in the summer months. But one thing is certain: The more people who are vaccinated, the less opportunity the virus will have to spread in the population, and the closer we will be to herd immunity.
- We have seen that the restrictions needed over time have varied as preventive measures have worked to drive infection rates down, but we have also seen these rates resurge as our responses have relaxed. Once we get enough people vaccinated to drive down infection rates more consistently, we should be able to gradually lift these restrictions. But until the vaccine is widely distributed and a large majority of the population is vaccinated, there will still be a risk of infection and outbreaks—and we will need to take some precautions.
- In the end, though, we will build up immunity to this virus; life will be able to return to “normal” eventually. The fastest way to get to that point is for each of us to do our part in the coming months to reduce the spread of the virus—continue to wear masks, maintain distance, avoid high-risk indoor gatherings, and get vaccinated as soon as a vaccine becomes available to us.

Arizona Department of Health Services (ADHS) recent updates can be found on the COVID-19 Reporting Dashboard.

- Hospital COVID-19 Specific Metrics

HOW can YOU get a flu shot in Yuma County?

The 2020-2021 Seasonal Influenza Vaccine is now available at the Health District, 2200 W. 28th Street in Yuma. Seasonal flu vaccinations are available for all individuals 6 months of age and older. The cost is \$25.00 for adults and \$10.00 for youth 18 years and younger. Medicare Part B, AHCCCS and Private Insurance are accepted upon presentation of card.

Flu vaccine is available BY APPOINTMENT ONLY. Please call: (928)317-4559

Yuma County health officials confirm “moderate spread” of COVID-19 throughout Yuma County. We encourage all residents to take the necessary precautions including physical distancing and staying home if you are sick. Remember to:

- Wash your hands often with soap and water for 20 seconds.
- Avoid touching your face, especially your eyes, nose, and mouth.
- Avoid people who are sick, and avoid groups of 10 people or more.
- Clean and disinfect frequently-touched surfaces like light switches, door knobs, electronic devices, etc.
- Stay home if you are sick so you do not expose others.
- Practice physical distancing, staying 6 feet away from others.
- Cover your mouth and nose with a cloth face cover when around others.

JOINT INFORMATION CENTER (JIC) UPDATE

NOTE, some of the below information has been updated from previous releases. Please be sure to read all segments.

YUMA COUNTY

Yuma County Government Offices PUBLIC visitation hours are ([PDF LIST](#)):

County Administration, Human Resources and Financial Services offices at 198 S. Main Street are open to public Monday through Friday from 8:00 a.m. to 5:00 p.m.

The County Assessor, Treasurer, Recorder and Elections Services, located at 197 S. Main Street/192 Maiden Lane, are open to the public Monday through Friday from 8:00 a.m. to 5:00 p.m.

County libraries continue to provide public access based on facility size and staffing to minimize exposure to COVID-19:

- The Main Library, San Luis, Somerton and Foothills Libraries will have metered access based on size and staffing, with a limit on the number of people in the library at one time.
- Heritage, Dateland, Wellton and Roll Libraries will be by appointment only, due to their smaller staffing.
- Please visit the [Library's website](#) for more information on hours and available services.

CITY OF YUMA

City Hall is open 7:00 a.m. to 5:00 p.m. Mondays through Thursdays. Face masks are required. Patrons should please use the marked social distance spacing in customer service areas.

To honor our healthcare workers and the sacrifices they make, the City of Yuma has launched [Adopt-a-Nurse Yuma](#), an initiative to pool local resources to provide meals and other encouragement efforts for our city's healthcare workers. Yumans can participate by making a donation, or dropping off a thank-you, Christmas or holiday card. Residents can also simply reach out to an acquaintance in the healthcare field to thank them for the work they are doing on behalf of our entire region. Individuals, businesses, and community organizations interested in supporting the initiative are encouraged to contact Arlyn Galaviz at arlyn.galaviz@yumaaz.gov.

Marine Corps Air Station - Yuma

Effective 04 September, the Trusted Traveler Program has been reinstated. Visitors without a CAC or DOD identification will be allowed to enter with a sponsor. Visitors will be required to provide justification for needing access to the installation and granted access to the base with someone who has a CAC or DOD identification card who will be sponsoring/escorting them aboard the base.

Under the program, sponsors and/or guests may be subject to a background check.

Safety measures are still required by MCAS Yuma in order to help stop the spread of COVID-19.

YUMA PROVING GROUND

Although certain access restrictions directed by the Department of the Army are in place, Yuma Proving Ground's essential test mission in support of Army modernization priorities continues. Access to Yuma Proving Ground is currently restricted to the following:

- * YPG residents, including Travel Camp residents
- * YPG employees
- * Civilian contractors who work at YPG
- * Other personnel who come to YPG for an authorized purpose (including personnel on official orders to YPG, DoD retirees/ID card holders, and delivery drivers)

PUBLIC is urged to follow on [FACEBOOK](#) & [TWITTER](#) as well as sign up for [Yuma](#)
